GUWANGE : OMEN ぐわんげ 凶兆

Under Mount Gokumon, Guwange stirs.

Muromachi Japan. Men and women are taken by shikigami, and a god sealed beneath the Gate of Hell grants wishes to those who serve it. Three hunters climb the mountain: Shishin and the beast Rikiou, the shrine maiden Kosame and her fox Yatsuhisha, the apothecary's boy Gensuke and his tengu Kirinmaru. Hold the shot and your shikigami holds the bullets; destroy their source and they fall as coins.
